Lately mornings feel like I m not winning

like I know a lot, lots of missing

There s a skyscraper takeover on 8th and Broad

and I can t explore out of fear

The same old fears and the same old doubts

like why dancing scares the hell out of me

And astrology says it will be fun to forget last year

in the new year and you re so sweet reminding me

of all that I can do alone

--- Chorus (1:17)

F **G**

This time, this year,

C G Am G F
is bigger than us, it goes on long after we re gone
(This town)

G
has taken it all out of us

C G Am G F
made us new made us look at our lives through new eyes

G
I love you in so many ways

C G Am G F
you taught me to give, to lose, to love, to be lost,

G C G Am G
and now, how to want

+-- Verse 2 (1:40)

C G
And I held your shoulders

Am Em
we cried in the dark

C G F
that was last year, and we were so scared

C G
So when it comes march

Am Em
will we march together?

C G F
Ride bikes to the river and wreck them along the way

+-- Chorus (2:00)

F G
This time, this year,

C G Am G F
is bigger than us, it goes on long after we re gone
(This town)
