

Swan Song

Degrassi

tried the best to sound it out, so enjoy :)

**C**                    **F**  
The day is long  
**C**                    **F**  
The flight and song  
**Bb**                    **Gm**                    **C**  
But I dont even listen

**C**                    **F**  
Bluebird hides  
**C**                    **F**  
Peace of night  
**Bb**                    **Gm**                    **C**  
I dont even try

**Eb**                    **Bb**                    **F**  
For every girl that is unhappy  
**Eb**                    **Bb**                    **F**  
For every boy that is bad  
**Eb**                    **Bb**                    **F**  
For every momma gone missing  
**Eb**                    **Bb**                    **F**  
For every papa gone mad

**C**                    **F**  
Ill take a chance  
**C**                    **F**  
Its not romance  
**Bb**                    **Gm**                    **F**  
But something more important  
**C**  
So give me wings  
**C**  
And let me sing  
**Bb**                    **Gm**                    **C**  
Its all been done before

**Eb**                    **Bb**                    **F**  
For every girl that is unhappy  
**Eb**                    **Bb**                    **F**  
For every boy that is bad  
**Eb**                    **Bb**                    **F**  
For every momma gone missing

Oh

**Eb**                    **Bb**                    **F**

For every papa gone mad
