And when I got there the shades were all drawn tight.
(The shades were all drawn tight.)
G7 **C** **C7** **F**
And then I saw two shadows appear, and all the rain
D7
seemed to turn to tears..
C **Am** **C** **Am**
and I ll never forget, this night in the rain..
C **G** **C**
when I saw two silhou..ettes.

Then the shadowed lips seemed to say, I love you.
(Seemed to say I love you.)
F **C** **G7**
And it looked to me that you said the same thing, too.
(Like you said the same thing, too.)
C **C7** **F**
I never thought that I could cry, but it s that rain just
D7
falling from my eyes..
C **Am** **C** **Am**
and I ll never forget, this night in the rain..
C **G** **C** **F** **C** **C7**
when I saw two silhou..ettes. (Two silhou..ettes.)

CHORUS:

F **C** **F**
Two silhouettes on the window shade..have caused each
G **C** **C7**
dream I had to fade.
F **G**
I started walking up to your door..turned around,(turned around)
G7

what s the use? (what s the use?)..

G **G7**
you don t love me any..more.

F **C** **G7**

I couldn t bear watching you kissing him instead of me.
(Kissing him instead of me.)

C **C7** **F**

As I wandered on through the rain, I don t think I ll ever
D7

be the same..

C **Am** **C** **Am** **C**

and I ll never forget, this night in the rain, when I saw

G **C**

two silhou..ettes.
