

You And Me
Delays

To the bitter end I have fought alone,
Now this cavalry is coming home,

F **Dm**
Like a motorcade lost in tickertape
A# **F**
I have felt my way to you again
Dm
On any other day thereâ€™d be a marching band
Am
But I stole away before they cut me down
Dm **Am** **Dm** **Am**
What say we go, meet by the well?
Dm **Am** **A#**
Donâ€™t tell a soul, this is our timeâ€|
F **Am**
And we can lay low tonight; no I donâ€™t have the will to fight
Dm **A#**
My president or his designs; you & me coulda been fine
Am
you & me were gonna be fineâ€|

F Dm A#

F **Dm**
Cos you knew me when I was wide awake
A# **F**
Now I sleep all day, oh my mistake!
Dm
Oh any other day, thereâ€™d be a marching band
Am
But I stole away before thy cut me down,
Dm **Am** **Dm** **Am**
What say we go, meet by the well?
Dm **Am** **A#**
Donâ€™t tell a soul, this is our timeâ€|

F **Am**

And we can lay low tonight; no I donâ€™t have the will to fight

Dm **A#**

My president or his designs; you & me coulda been fine

Am

you & me were gonna be fineâ€¦

F

In time, inside, here comes the falling rain,

Dm **A#**

In time, inside, here comes the pouring rain,

F

In time, inside, here comes the falling rain,

Dm **A#**

In time, inside, here comes the poison rain.

A# **Dm**

Ooh, oh, yeah, ooh, oh yeah.

A#

Ooh, oh, yeah, ooh, oh yeah yeah yeah.

F **Am**

And we can lay low tonight; no I donâ€™t have the will to fight

Dm **A#** **Am**

My president or his designs; you & me coulda been fine

F **Am**

Oh we can lay low tonight; and we can set the flag alight,

A#

Weâ€™re clawing back the time, when youth was on our side,

Dm **Am**

You & me coulda been fine, you & me were gonna be fine.
