Always a new temptation, I am desire  
Always in moderation, if it s a hunger from the heart  
Trying to keep it all out of sight and mind, Out of sight and mind,  
Trying to work a reason why, I don t recognize myself

The less you expect from me, the less you get  
Every test you give me the more I can remedy myself  
I can t keep giving into mistakes I ve made  
The mistakes I ve made  
I can t keep living life left behind, I don t recognize myself

Always a new temptation and no one hears me now  
Always in moderation, if it s a hunger from the heart  
Trying to keep it all out of sight and mind  
Out of sight and mind  
Trying to work a reason why, I don t recognize myself

I don t recognize myself  
Are you now are you now are you now?
