**Delta Goodrem**

Hollow No More

A beautiful song [B-side] from the single Almost Here. I worked out the notes and chords on the piano (my prime instrument) and converted them to guitar (which I can also play, so don't worry!). I think they're quite spot-on. My first tab BTW, please rate or comment! Have fun!  
Thanks,  
Daire

Intro: **Bm A G F#**

[Delta:]

**Bm** **A**  
Sunday is just another Sunday  
**G**  
When your soul's in the ground  
And not meant to be found  
**F#**  
You're alone

[Brian:]

**Bm** **A**  
In some ways it's always some other day  
**G**  
You've neglected our time  
And I feel left behind  
**F#**  
My heart's home alone

[Delta & Brian:]

**Am** **F**  
Cold, wrapped up in darkness  
**Am**  
Feeling alone  
**F#**  
Emotionally drained

[Chorus]

**Bm**  
From a life drenched in pain  
**A**  
To a love that will carry them  
**E**  
Now they don't fear for anything  
**F#**

While they dance in the rain

**Bm**

And a new wind has changed

**A**

It s swept them for yesterday

**E**

To a room found in fantasy

**F#**

missing windows and doors

**Bm**

They re hollow no more
