

Running Away
Delta Goodrem

I m adopting some abbreviations for this song because firstly, this song is easier

to play with a pick because there are some special strumming patterns

r=ring the chord

D=downstroke

u=upstroke

(d,u,d, stop)=quick downstroke,upstroke then downstroke then silencing the chord

D (d,u,d,u)=change to D chord on the 1st u stroke, so the 1st d stroke in the

sequence is still a C chord (very tough to catch this for me, must admit)

NORMAL=normal d,u pick strokes

Intro (d,stop,d,u, muted d,u strokes)

Em7

I am ow I feel

I am ow I feel

I am ow...

Verse (d,stop,d,u, muted d,u strokes continue)

Inner peace and tranquillity inside

Breaking down the defences of my heart
