[Verse 1]
```
C                     Dm
I could raise the crops from the earth

G            F
But when I m looking for work
G              Dm
They say that job ain t for her
G            Dm
I could be a good mans wife
Dm
I could give a new child life
      G    F           G
But when I fight for my rights
          D
They say no woman, no cry
```

[Pre-Chorus]
```
         G

C     Dm
