If I Loved You  
Artist: Delta Rae  
Album: Carry the Fire

[Verse 1]

**G**            **C**    **Am**                    **G**  
If I loved you, life would be easy  
**G**                    **C**    **Am**                    **G**  
There d be no truth that I d be scared of  
**G**                    **C**    **Am**                    **G**  
I could walk through every valley  
**G**                    **C**    **Am**                    **G**  
And you d light me with all of your love

[Chorus]

**G**                    **Em**            **C**                    **G**  
But I don t love you, not like I want to  
**G**                    **Em**            **C**                    **G**  
I don t love you and that makes it hard  
**G**                    **Em**            **C**                    **G**  
And every morning, I see how you watch me  
**G**    **Em**            **C**    **G**  
And each night I know you feel it and it just breaks your heart

[Verse 2]

**G**                    **C**    **Am**                    **G**  
You d make good money and come home early  
**G**                    **C**    **Am**                    **G**  
And you d kiss me and hold me each night  
**G**    **C**    **Am**    **G**  
We would have children and they would be so beautiful  
**G**                    **C**    **Am**                    **G**  
And we d raise them and all would be right

[Chorus]

**G**                    **Em**            **C**                    **G**  
But I don t love you, not like you need it  
**G**                    **Em**            **C**                    **G**  
I don t love you, good as you are  
**G**                    **Em**            **C**    **G**  
And when I kiss you, I know that you can feel it  
**G**    **Em**            **C**    **G**  
And I see it in your eyes, and it just breaks my heart

[Verse 3]

**C**    **D**  
I wish to God I could change it, darling

**G F C**

Could make you the one

**C D**

I will always have these regrets and wonder

**G F C D**

What else I could have done, I will

**G C Am G**

Cause if I loved you, I could be happy

**G C Am G**

I would make you the light of my world

**G C Am G**

I wouldn't wait, love, I'd marry you tomorrow

**G C Am G**

And we'd make love and I'd be your girl

**G Em C G**

But I don't love you, much as I want to

**G Em C G**

I don't love you, no, it would be a lie

**G Em C G**

And you deserve love, you're better than a good day

**G Em C G**

And you'll find it, but just not in my eyes

[Outro]

**G Em C G**

Cause it ain't here love, no

**G Em C G**

Cause it ain't here love, no

**G Em C G**

Cause it ain't here love, no

**G Em C**

Cause it ain't here love,

**G Em C G**

And it just breaks my heart
