

Tomorrow Goes Away
Delta Spirit

I love this song and couldn't find a chord chart on UG. I did find someone who had listed out the chords in a forum online and I'm just putting his chords into a format that is easier for me to read. Hope it will be helpful to others, too.

CAPO 4

Chords: **Am** **AmM7** **Am7** **D** **A** **E** **Bm** **Dm** **G6**

NC=All open strings, not sure what to call it. I'm only listing it once on the chart, but on listening to the recording, you will hear that the all open chord is used several times.

Intro:

Am **AmM7** **Am7** **AmM7**
Am **AmM7** **Am7** **AmM7**

Am **AmM7**
every time I see you

Am7 **D**
it gets a little worse

A **AmM7**
perhaps things are getting better

E **E**
but how can one be so sure

A **AmM7**
so I will take it slowly so that

Bm **E**
I can rest assured

Dm **E** **Am**
wait until tomorrow goes away

NC **C** **D**
in the evening when I wake up

Dm **G6**

I would love to hear you say

A **AmM7** **Bm** **E**

oooh oooh oooh oooh

Dm **E** **Am**

wait until tomorrow goes away

Dm **E** **Am**

wait until tomorrow goes away

Dm **E** **Dm E A**

wait until tomorrow goes away
