

Fix a Heart
Demi Lovato

F
It's probably what's best for you
Am
I only want the best for you
F **C**
And if I'm not the best, then you're stuck
F
I try to savertise and I,
Am
ended up with wounds to bind
F **C**
Like you're pouring salt in my cuts

Refrão:

F **G** **Am**
And I just ran out of band-aids
F **G** **C**
I don't even know where to start
F **G** **Am** **Em**
Cause you can't bandage the damage,
F **G** **C**
You never really can fix a heart

F
Even though I know what's wrong,
Am
How can I be so sure
F **C**
If you never say what you feel, feel
F
I must have held your hand tight,
Am
you didn't have the will to fight
F **C**
I guess you needed more time to heel

Refrão:

F **G** **Am**
Baby I just ran out of band-aids
F **G** **C**
I don't even know where to start
F **G** **Am** **Em**
Cause you can't bandage the damage

You never really can fix a heart
