

**Fix a Heart**  
**Demi Lovato**

**F**  
It's probably what's best for you  
**Am**  
I only want the best for you  
**F** **C**  
And if I'm not the best, then you're stuck  
**F**  
I try to advertise and I,  
**Am**  
ended up with wounds to bind  
**F** **C**  
Like you're pouring salt in my cuts

Refrão:

**F** **G** **Am**  
And I just ran out of band-aids  
**F** **G** **C**  
I don't even know where to start  
**F** **G** **Am** **Em**  
Cause you can't bandage the damage,  
**F** **G** **C**  
You never really can fix a heart

**F**  
Even though I know what's wrong,  
**Am**  
How can I be so sure  
**F** **C**  
If you never say what you feel, feel  
**F**  
I must have held your hand tight,  
**Am**  
you didn't have the will to fight  
**F** **C**  
I guess you needed more time to heal
