Forget Demi Lovato

I played this with my capo on third fret after listening to her first public performance of it...if it s not 100% correct, sorry! It sounds mostly right to me. :)

Did you forget G That I was even alive Am Did you forget \mathbf{F} Everything we ever had С Did you forget G Did you forget С About me С Did you regret G Ever standing by my side Am Did you forget \mathbf{F} What we were feeling inside C No more left G To forget С About us F С But somewhere we went wrong FCG We were once so strong F С G Our love is like a song \mathbf{F} You can t forget it C But now I guess G This is where we have to stand Am Did you regret

 \mathbf{F} Ever holding my hand С Never again G Please don t forget С Don t forget С We had it all G We were just about to fall Am Even more in love F Than we were before C I won t forget it G I won t forget С About us F G С But somewhere we went wrong FCG We were once so strong G F C Our love is like a song F You can t forget it FCG Somewhere we belong FCG We were once so strong FCG Our love is like a song F You can t forget it F, C, G x4 Yeah Oooho С And at last G All the pictures have been burned Am And all the past \mathbf{F} Is just a lesson that we learned С I wont forget it G I wont forget

C Us F C G But I saw where we went wrong F C G Our love is like a song F C G But you wont sing along F C You ve forgotten about us
