                        Bm
You live in Phnom Penh
You live in New York City
                        F#   E
But I think about you so, so, so, so
     G   F#
So much I forget to eat

   (tacet)   Bm
It s 4 a.m., I check my email
I m too geared up to fall asleep
                        F#   E
So I write you back and count the days
  G   D
Until we ll be together

     (tacet)   Bm G
The first thing that I do is
                  D   F#
Throw my arms around you
                  E
And never let go
                 G F#
And never let go

  (tacet)   Bm
I call you from my hotel room
I m sitting on the hallway floor
                     F#   E   G
I know that we are so, so, so, so tired
                       F#
My phone card just expired

  (tacet)   Bm
You only call me when you re drunk
I can tell it by your voice
                       F#   E   G
It s the only time that you open up to me
                       D
And tell me that you love me

     (tacet)   Bm G
The first thing that I do is

```
              D        F#
Throw my arms around you
                 E
And never let go
                 G  F#
And never let go

Solo: (just like verse)

  (tacet)                Bm
I m thirty thousand feet high
Flying through the dead of night
        F#                E
I took an Ambien and you came
    G                 F#
To visit me in my dreams

  (tacet)                Bm
You were bathed in blue light
Floating right in front of me
             F#      E      G
Your face was so, so, so, so bright
                         D
I had to close my eyes to see

   (tacet)            Bm   G
The first thing that I do is
                 D       F#
Throw my arms around you
                 E
And never let go
                 G  F#
And never let go

Bm       G                D      F#
            Never let go, oh, oh
Bm       G                D      F#
            Never let go, oh, oh
Bm       G                D      F#
            Never let go, oh, oh
Bm       G                D      F#
            Never let go, oh, oh
Bm       G                D      F#
            Never let go, oh, oh
Bm       G
```
