

Lilian

Depeche Mode

Verse 1:

Oh, Lillian
Look what you ve done
You ve stripped my heart
Ripped it apart
In the name of fun

Verse 2:

Oh, Lillian
I m a poor man s son
And precious jewels
Weren t found in schools
Where I came from
Pain and misery always hit the spot
Knowing you can t lose what you haven t got
it goes on like this for the rest of the song
