Sun The Rainfall
Depeche Mode

```
Em                G
   Someone will call
                   Am
   Something will fall
         C
   And smash on the floor

Without reading the text
Know what comes next
Seen it before
And it s painful

                  G
   Things must change
 Bm                     G
   We must rearrange them
 Em           C                      Am
   Or we ll have to estrange them
   Em
   All that I m saying
        G
   The game s not worth playing
   Am               C
   Over and over again
```
