Well it s about time

D#m F# B  
It s beginning to hurt

D#m F# B  
Time you made up your mind

D#m F# B  
Just what is it all worth

Bbm B  
All my useless advice

Bbm B  
All my hanging around

Bbm B  
All your cutting down to size

C# B Bbm  
All my bringing you down

D#m F# B  
Watch the clock on the wall

D#m F# B  
Feel the slowing of time

D#m F# B  
Hear a voice in the hall

D#m F# B  
Echoing in my mind

Bbm B  
All your stupid ideals

Bbm B  
You ve got your head in the clouds

Bbm B  
You should see how it feels

C#                                  B              Bbm  
With your feet on the ground

D#m	F#	B
		Here I stand the accused
D#m	F#	B
		With your fist in my face
D#m	F#	B
		Feeling tired and bruised
D#m	F#	B
		With the bitterest taste

Bbm B  
All my useless advice

Bbm B  
All my hanging around

Bbm B  
All your cutting down to size

C# B  
All my bringing you down

Bbm B  
All your stupid ideals

Bbm B  
You've got your head in the clouds

Bbm B  
You should see how it feels

With your feet on the ground
