

Boston

Dermot Kennedy

[Verse 1]

E **A**
For the wolves we fought when a child was brave
C#m
Days on a Southern strand
B **A**
Where we'd all pretend to be touring
E **A**
And I'd wait all night for the smile you'd saved
E
Or how the wind would howl
C#m
Better head back now
A
It's a warning

[Chorus]

C#m **A** **C#m** **F#m**
We were swimming out so far this time
C#m **A** **E** **B**
The sun and your eyes were the only fire
C#m **A** **C#m** **F#m**
Pretty intimate so far so I
C#m **A** **C#m**
Lit a holy fire

[Verse 2]

So we all gather our ghosts around the island flames
E **F#m**
Oh and the song she throws is not one I know
A
But it knew me
E **B** **A**
For an age long lost in time, erased
E
Days when they called our names
C#m **A**
Stories tucked away, you tell it to me

[Chorus]

C#m **A** **C#m** **F#m**
We were swimming out so far this time
C#m **A** **E** **B**
The sun and your eyes were the only fire
C#m **A** **C#m** **F#m**
Pretty intimate so far so I

C#m A C#m
Lit a holy fire

[Bridge]

C#m A F#m
Take me back to places I feel loved in

C#m A F#m
Maybe failing that, take me to Boston

C#m A F#m
Strange that I m not seeing you as often

C#m A F#m
Wandering round in cities I feel lost in

C#m B
What if all the costs are even

[Chorus]

C#m A C#m F#m
We were swimming out so far this time

C#m A E B
The sun and your eyes were the only fire

C#m A C#m F#m
Pretty intimate so far so I

C#m A C#m
Lit a holy fire
