You got a loving family  
To give you everything you need  
My family loves each other so much  
We live a thousand miles away and stay in touch

With a home and a family to go home to  
It must be pretty cool to know you belong

But it must be cool to be you

You ve got a deep, sustaining faith  
A Lord who listens when you pray  
I was raised in a church and I was told to believe  
I wonder if God believes in me

With your holy faith sustaining you  
It must be pretty cool to know you belong

But it must be cool to be you.
