```
F#        G#                C#    C#7
I see the night that she s alone
F#        G#              C#
I keep thinking back to home.
F#              G#        F7              Bbm
I ve got that feeling I know that it shows
F#        G#            C#
I missed my sweet desert rose.
F#              G#            C#    C#7
Shines like the stars in the sky
F#        G#          C#
A breath of life in a well gone dry.
F#            G#        F7          Bbm
She picks me up when  I feel it so low.
F#      G#          C#
She s my sweet desert rose.
F#      G#              C#
Ain t no money in our home town
F#      C#                      G#
And the mills have all shut down.
F#              G#              F7            Bbm
They say there s work but it s always the next town.
F#          G#              C#
Will you still love me when I m gone.
F#            G#              C#
Will you still love me when I m gone
F#          G#              C#
Though the empty nights and the days so long.
F#        G#          F7            Bbm
I m not the same and I guess that it shows
```
