Detour 180 - You Know My Name

D **A**
Help me remember the reason Iâ€™m alive
Bm **G**
And that I was on your mind the day you died
D **A**
Help me imagine, this is not my home
Bm **G**
And some day Iâ€™ll be resting by your side

Help me remember the day you won my heart
And you paid my way to freedom with your love
Help me imagine the beauty of this gift
A grace that I am so unworthy of

Bm **A** **G**
But youâ€™ll never let me fall away from you

D
You know my name
A
You know my story
Bm
Still youâ€™ve taken on the world
G

Just for me
D **A**
I am amazed that you hear me speaking
Bm **G**
You listen close to every word I say
D **A** **G**
Who am I to be loved this way?

D
You know my name

D **A**
If I rise, if I fall
Bm **G**
My only hope is this
D **A** **G**
That youâ€™d be with me everyday
D **A** **G**
Who am I to be loved this way?
