Fifth and final time play these notes over the chords:

||: **A - Ab - G - A - Ab - G - A - Ab :||**

Sunrise at the edge of my glass
Casting its hellish light over the inevitable
Future memories like truncated dailies
From the shoot of life
We ve saved our lovemiles baby
We re the cabin crew of cupid s company
Chasing ghosts away
They go, they re going, they re gone!

Watch them skate over an acre of nostalgia
Slipping and sliding over the thinning ice of time
Scared of being the demon
Tired of being ignored
Cause unless you breathe them back into existence
They will be bored
Like a junkie without the snort
Like a jock without the sport
You let them run

End on E at the end of the bar (so no new bar in A).
