Tonight

Like the moon and the stars

I don't know what you are

I can't wait any longer

Tonight

G

Bb

Only love is the real sugar

Am

F

Only love is the real...

NC

Everybody's ever felt lonely snap your finger

Everybody's ever felt lonely...

They say

There is a way

If you believe in something good

It could happen today

And baby

I m trying hard to sound vague
But can I just hold you in my arms
Promise you we ll never
Talk about the promise again

Only love is the real sugar
Only love is the real...

Tonight
If only tonight
I need something stronger, baby
Can you provide?

Like the moon and the stars
I don t know what you are
I can t wait any longer
Tonight

Cause only love is the real sugar
Only love is the real....

Everybody s ever felt lonely snap your fingers
Everybody s ever felt lonely...
