Serpentine - dEUS (from album In A Bar, Under The Sea)

Recently I heard this song again. So I thought I could give it a try.
The following tab is the product of my attempt. Every now and then
you will find a . after a chord, this means: strum chord once (and then
let it fade out). Where it says the entire band stops and
leaves a little silence before they continue. Well this should be all
you need to know, if you have any comments (or corrections) you can
reach me at: stefan11@worldaccess.nl (or stefan11@wxs.nl)

Greetings,
Dennis Nijenhuis

Is it bad that you re good for me
Did I love you just randomly?
I m caught in the flow of sound
And you re just some melody

Let s do it serpentine any time
Let s do it right here
Let s do it serpentine, I don t mind
Let s do it right here

Got my clockworks company
Got my dark green trenchcoat on

Someone staying and someone gone

Let s do it right here
Let s do it serpentine, I don t mind
Let s do it right here
