

Goin Back

Devendra Banhart

This is such a sweet song, and I couldn't find a tab for it anywhere, so I hope this helps anyone else who has been searching in vain for it.

The song is really easy, it's mostly just A, D and E bar chords. The tricky thing is the strumming pattern.

Bb Eb Eb F Eb F Eb Bb

D U D U U D U U D U U D U

1--2--3--4--1--2--3--4--1

(Hope that helps. Play downstrokes of the chords on the D symbol and upstrokes on the U symbol, the numbers are each beat and the plus symbols are each half beat)

Bb Eb
Goin back to the place
Bb F Eb F Eb
Where it all started from
Bb Eb Eb F Eb F Eb
Gonna see my old friends try and have a little fun
Bb Eb F Eb F Eb
Wouldn't that be nice,
Bb Eb F Eb F Eb
Wouldn't that be nice

Goin back to the way that it once used to be
Have a couple drinks and wander aimlessly
Just like old times
Yeah just like old times

(next verse same chords but strumming pattern changes to simple Down Up Down)

And maybe see the changes in me
Remember where I've been and never go back again
Maybe see the changes in me
Make no mistake
There's plenty of those to make

Bbm G#m Ebm
Never never never goin back
Bbm G#m Ebm
Never ever ever goin back

(Back to normal pattern)

Goin back to the place where my lover and I met
I can give her all I got
She can ring my little neck just like old times
Just like old times

Goin back to the time when I didn't need a thing
Just the tappin of my foot and a little song to sing
That'll do just fine
Yeah that'll do just fine

(different pattern again)

And maybe meet a little lady
Tell me where I go, tell me where I come
Take me anytime you like hon
Take me as I am or as who I might become

Never ever ever goin back
Never ever ever goin back

(normal pattern for the outro)

Goin back, goin back, goin back
Goin back, goin back, goin back
Goin back, goin back, goin back...

Yeeeeeahhhh. My first tab. I'll figure out the little licks throughout, and maybe even the cello part and post em up too.
