

Michigan State
Devendra Banhart

Michigan State

By Devendra Banhart.

Simple song, chords are G and Am

Capo 1.

I just put the basic idea of it, I m sure you can figure it out.

G

My friend has my favorite teeth

Am

They bend backwards when she breathes

G

And it whistles

G

And sweetness is all sweetness was

Am

Bees are blackeyed birds that buzz

And my love has my favorite ears

They lean forwards when she hears

Well evil is all evil was

Birds are blue-eyed knees that buzz

G

And i said oh michigan, michigan state

Am

How i d love to live in you

Oh i ve never been to michigan state

Still i d wanna live in you

And you can t talk without your tongue

Don t try and drown without your lungs son

Well my snail has my favorite slow

The shell helps the snail still the skin lays low

And if my snail has my favorite slow

Then my cold has my favorite snow

But if my snail s cold and comes to a halt

Then my sea has my favorite salt

The salt keeps the sea from feeling sweet

And my toes have my favorite feet

And if i sweat salt

And the earth sweats heat

Oh michigan, michigan state

How i d love to live in you

I ve never been to michigan state

Still i d want to live in you

Michigan state state state state
