C **F**

But i do need somebody to help me say
Dm **E7**
It s time to walk away (alright, okay)

G/#G/Am
Too many times
Am
Too many times
Am
Too many times
C **G**
You crossed over that line
Am
You changed your mind
Am
You changed your mind
Am
You changed your mind
C **G**
But i never did change mine

C **F**
Still i was saved by the fire
G **C**
Singing its song in my heart
C **F**
That hypnotized all the demons
G **C**
And tore them apart
G/#G/Am
But you make them all come back
C
You make them all return
Am
You re so good at that
C
And i will never learn
G G/F **Am**

No i never will (i never will, baby)

C **F**
Well i don t need nobody to heal my pride
Dm **Am**
Cause i m playing dead inside
C
But i do need somebody
F **Dm**
To come wake me up, shake me up
E7
Help me to stand up, stand up

G/#G/Am
You put me down
Am
You cut me down
Am
You turned me down
C **G**
And i still stick around

G/G#/Am
You tame my soul
Am
Swallowed me whole
Am
I lost control
C **G**
And i still couldn t let you go

C **F**
But i was saved by the fire
G **C**
That was burning deep inside of myself
C **F**
I was a knave to desire
Dm **Am**
But i finally got a little bit of help

Dm
You ripped out my tongue
C
You couldn t trust me with that
Dm
You hid your trust fund
C
I wouldn t a judged you for that
Dm
You made me feel dumb
C
Well i ain t new to that
