

**If We Cannot See
Devis**

This is my very first tab, couldn't find this song so I thought I'd give it a go.

Any suggestions will be appreciated. Thanks.

Same chords for chorus and verse each time.

Devis - If We Cannot See Lyrics

you were born **C** with a heart **E** that can never be filled **F**
and a head **C** like snow **E** that can never be still **F**
there are streets **C** paved in gold **Em** that shine so bright **F**
that you force **Am** yourself **Dm** to look away **F**

if we can't **F** see now **G**, we might **C** never see **E**
we only kill **F** ourselves **G** more slowly **Am E**
if you can't **F** find love **G**, then you **C** will finally see **E**
how we kill **F** ourselves **G** slowly **Am Em**

the words that fall from your mouth
they crystalize and break on the ground
and everything you want, you can't have
but you force yourself to look away

if we can't see now
we might never see
we only kill ourselves more slowly
if you can't find love, then you will finally see
how we kill ourselves more slowly

if you can't find me then you can't find love
if you close your eyes then will finally see
that you're already here with me
