The Booji Boy speech (over the chords that were used throughout):

I don t know what s goin on in the world these days
It seems like ev rybody s just got ev rything turned around
People don t seem to care about their fellow man
They re all just goin for that big ice cream cone in the sky
They haven t figured out what happens when your eyes get bigger
Than your belly
Like an ostrich who eats his pizza with his head stuck in the sand
If they can t see it, it isn t there
And you know, it really does take a worried man

It takes a worried man to sing a worried song
I may be worried now but he won t be worried long

G A D

[tab] **G A D**
I ll see you there[/tab]
[tab] **G A D**
We ll have a good time[/tab]

N.C.
Do you feel it comrades?

It takes a worried man to sing a worried song
I may be worried now but he won t be worried long
Takes a worried man to sing a worried song
I may be worried now but he won t be worried long
It takes a worried man to sing a worried song
I may be worried now but he won t be worried long
Takes a worried man to sing a worried song
I may be worried now but he won t be worried long

I ll see you there
We ll have a good time
Well all right
