[Verse]

**D** **F#m**  
Now that I have lived  
**G** **A**  
A lifetime s worth of days  
**D** **F#m**  
Finally I see  
**G** **A**  
The folly of my ways  
**D** **F#m**  
So listen when I sing of  
**G** **A**  
The temptations of this world  
**D** **F#m**  
Fancy cars and needles  
**G** **A**  
Whisky, flesh and pearls  
**G** **A**  
And then in the end  
**D** **G**  
It s family and friends  
**G** **A**  
Loving yourself  
**F#m** **G**  
But not only yourself  
**G**  
Its about the good walk  
**A**  
And the hard walk  
**F#m** **G**  
And the young girls you ve made cry  
**A**  
It s about make a little music everyday til you di-ie

As I stand on the precipice of death

My perspective is enormous

Every leaf, every cloud  
                  **G**  **A**  
I see the hands which have formed us  
                  **D**  **F#m**  
And some days all you got  
                  **G**  **A**  
Is a nighttime graveyard walk  
                  **D**  **F#m**  
And you whistle some sweet melody  
                  **G**  **E**  
To the ghosts down at the dock

[Bridge]

**F#**  **Bbm**  
Sing in to your hand  
**B**  **C#**  
Lead the marching band  
**F#**  **Bbm**          **B**          **C#**  
Dont you let em fade your colors gray  
                  **F#**  **Bbm**  
Cause when all is said and done  
                  **B**  **C#**  
When youth is spent and burned  
                  **F#**  **Bbm**  
You ll see that it s all about  
**B**  
Music!  
Flowers!  
Babies!  
Sharing the good times!  
Traveling not just for business!  
Excepting your mortality!  
**B**  **C#**  
This is finally what I ve learned!

**B** **C#**  
And then in the end
