

The Other Side
Dexter Freebish

Am

It seems a little darker on the other side

Em

And I get a spotlight for some peace of mind

G

A brand new reflection, another direction

Am

To take my life to the other side

She could melt the sun, she could freeze the moon

Em

If she only wanted to, if she needed to

G

The world is inviting, yet so paralyzing

Am

She could give me life, yeah

G D A

I wanna see you on the other side

G D A

I wanna see you on the other side

G D A

I wanna see you on the other side

G D A

I wanna see you on the other side

(Am - Em - G - Am)

Am

I lost myself inside your great divide

Em

A sticky situation I don t seem to mind

G

A mental uprising is so compromising

Am

I find myself slipping back in time

I m trapped within your world where all the color swirl

Em

In this universe where you are my girl

G

Am I just dreaming

Am

Cause everything seems just like paradise?

G D A

G D A
 I wanna see you on the other side
 (Your presence surrounds me
 And keeps me from drowning inside the black)
G D A
 I wanna know, can I see you?
 (Daylight releases but the brightness
 Just keeps me from coming back)
G D A
 I wanna see you on the other side
 Other side
 (Your presence surrounds me
 And keeps me from drowning inside the black)
G D A
 I wanna see you on the other side
 (Daylight releases but the brightness
 Just keeps me from coming back)

I wanna see you on the other side, on the other side
Can I see...
