Intro **Eb G# FM Bb**

Eb **G#**
At first I didn't know how I would be
FM
Without somebody lovin' me
Bb
Would I be lost inside?
Eb **G#**
But then I knew no valid love could not fix me
Fm
No one could heal that part of me
Bb
I'm better off alone

Chorus

Eb **G#**
Now I can't fuckin' wait to go outside and live my life
Fm
Unless I'm free
Bb
And now I'm gonna be the man I'm meant to be

(Same chords throughout song - **Eb G# FM Bb**)

They said if you don't marry you'll be lonely
All good men raise a family (oh yeah)
Well that's not what I see
In truth some of them they don't seem so happy
They tolerate misery and that is not for me
Chorus
Come on come on come on
Sometimes I think I should get some monogamy
And try to fit into society just be like everybody
(One Problem) I don't wanna live like them
No I don't wanna be like them
I'm the one who must be free
Chorus
Ad libs at end
Why should I buy a book when I can join the library
It don't make no sense to me
