A **E**
Where you can t even trust a smile

Pre Chorus

There are lonely nights when you see no hope
F# **E**
And you re feeling short of breathe

Like a whole damn world is a braded rope
F# **E**
In a noose surround your neck

Chorus

Don t kick the chair
E
It s gonna get better
D **F#**

E
It can only get better

Have you ever felt love, really really felt love
The kind I could save a life

But right before you know it you find out in a moment
You re gonna have to say goodbye

There are lonely nights when you see no hope
And you re feeling short of breathe
Like a whole damn world is a braded rope
In a noose surround your neck

Don t kick the chair
It s gonna get better
Don t kick the chair
It can only get better
