

Honore
Dick Prall

Honore

Standard tuning
Capo 4th fret

For years I tried to get to Chicago so I could catch a concert at Schubas Tavern.

I'm weird that way... Dick Prall was playing on the night I finally made it.

C **Em**
Honore, it's all changed
Am **G**
Pull your car up to the porch
G/F# **F**
And take all your things
C **C/B**
To the other side of town
F
It's been strange
C **C/B**
Having you around
Am
Since the autumn days
F
Kept you tucked away
C
Honore

C **Em**
Honore, around your waist
Am **G**
Were the hands that held you up
G/F# **F**
When you didn't want to dance
C **C/B**
Music seemed to sound
F
Like it moved too fast
C **C/B**
Dizzy from the ground
Am
That underneath you swayed
F
Or how you always claimed
C
