

Don Think Of Me  
Dido

So you re with her, and not with me,  
I hope she s sweet, and so pretty.  
I hear she cooks delightfully,  
a little angel beside you.

So you re with her, and not with me,  
oh how lucky one man can be.  
I hear your house is smart and clean,  
oh how lovely with your homecoming queen.  
Oh how lovely it must be

When you see her sweet smile baby,  
don t think of me.  
When she lays in your warm arms,  
don t think of me

So you re with her, and not with me,  
I know she spreads sweet honey.  
In fact your best friend, I heard, he spent  
last night with her.  
Now how do you feel? How do you feel?

When you see her sweet smile baby,  
don t think of me.  
When she lays in your warm arms,

don t think of me.

**Em A**

Does it bother you now all the mess I made ?

**Em C**

Does it bother you now the clothes you told me not to wear ?

**Em A**

Does it bother you now all the angry games we played ?

**Em B7**

Does it bother you now when I m not there ?

**Em A C**

When you see her sweet smile baby,

**Em Am C**

don t think of me.

When she lays in your warm arms,
