

Love Grows Wild
Dierks Bentley

Intro-D, Just listen to the strumming on the song
and dont get confused with the bass line if you
are listenin to the song and playing because the
bass line changes at different times than the guitar.
And sorry about the placement of the notes, i couldnt get them to line
up right

Capo 3rd fret

Verse 1

D A G A D

Theres a place where love grows wild

D A G A D

where hearts can trust just like a child
