

**Thank You  
Dikta**

Thank You  
by the icelandic group Dikta

This is most likely not 100% right but hey, this is the first tab around for this song! (2010-10-03)  
I hope some (more skilled) guitar player will correct it .

Anyway, here it goes:

-----  
**C G**  
In a language learned, when no one was listening,  
**C G**  
I try my best to tell you how I feel.  
**C G**  
Somehow I am sure and this I believe in,  
**Am Am**  
this is real...

**C G**  
From my heart I sing, to you and I m hoping,  
**C G**  
that you ll understand what I m trying to say.  
**C G**  
Found a place inside of me and I m grateful  
**Am Am**  
for each day...

**C G**  
A broken wing cannot stop me from flying,  
**C G**  
I leave no footprints when you re around.  
**C G**  
Know yourself you said, you made me so proud of  
**Am Am**  
what I found...

(Chorus)

**C**  
Oh my god, I m losing it,  
**G**  
I m finally going out of it,  
**Am G**

my senses tingle, I can hardly breathe.

**C**

Oh my god, I m losing it,

**G**

I m finally going out of it,

**Am G**

I feel my heart, I m suddenly alive!

**F G**

Thank you.

**Am**

Thank you for the world ( the world, the world ).

**F G**

Thank you for the light, for making me see,

**Am**

inside of me.

(Verse)

**C G**

The book is over now and the pen keeps on writing,

**C G**

story of my life, it starts right here.

**C G**

Now I reach the stars, can grab them and hold them,

**Am**

with no fear...

**C G**

I am captivated, completely spellbound,

**Am G**

I have found my match.

**F**

And the blackbird has flown away,

**G**

the blackbird has left me

**Am**

for good...

(Chorus)

**C**

Oh my god, I m losing it,

**G**

I m finally going out of it,

**C G**

my senses tingle, I can hardly breathe.

**C**

Oh my god, I m losing it,

**G**

I m finally going out of it,

**Am G**

I feel my heart, I m suddenly alive!

**F G**

Thank you.

**Am**

Thank you for the world ( the world, the world ).

**F G**

Thank you for the light, for making me see,

**Am**

inside of me.

(Bridge)

(Chorus)

**F G**

Thank you.

**Am**

Thank you for the world ( the world, the world ).

**F G**

Thank you for the light, for making me see,

**Am**

inside of me.

**F G**

Thank you.

**Am**

Thank you for the world ( the world, the world ).

**F G**

Thank you for the light, for making me see,

**Am**

inside of me.
