Dinosaur Jr.

Here is my take on Quest by Dinosaur Jr, this is my favourite Dino track. Sounds magic on acoustic...

Turning toward a time so free

Yearn and see the glow of her eyes as I appear  
sigh of satisfaction gave the seetest sound.  
The staircase has one too many steps,  
I ve already started back down.

Love the catapillars munchin on the leaves,  
pitter patter makes me forget my disease.  
Bugs have feelers just like me,  
when I m feeling oh so lonely.

I would love to hold you tonight even if we just pretend

Why won t you be my friend?

Why???

(Happy slap that guitar...)

Love to meet the one who broke my heart,

I know she d melt me with her dance,

subtle colors, her sweet smell,

it s a shame she ll never get that chance.

And so it goes...
