

Only The Strong, Only The Brave  
Dionne Warwick

Bm7 C#m Gm7 Am7  
I know that the road to love can be paved with tears  
Bm7 G7  
Maybe I m a fool to love you knowing life is cruel  
Only the strong, only the brave  
Am7 Bm7  
Can survive all the heartaches that tear most people apart  
Am7 Bm7  
Can survive all the heartaches and still keep love alive  
When you reach out for a star people pull you down  
Swear to be true is easy, but I m telling you  
Only the strong, only the brave  
Will be loving each other each single step of the way  
Will be loving each other with all the fears of today  
Our love is strong, our love is brave  
I know, I know our love will last
