This is the scale that Mark plays at the beginning of the solo.

I suggest you to hold the first three chords with your first finger,
like a little barre`, at the 7th fret. This makes the scale easier
to play.

```
--10>7-----7-----  
-----10>7---10>7---7-----7-----  
-----9---9>10---10>9>7---9>7---7-----7-----  
-----9-----9---9>7---7-----7-----  
-----9---7>8>9-----9vvv--  
-----
```

Symbols:

pulloff / hammeron: ---10>7--9>10-
vibrato: ---9vvv--

Enjoy it.
