I seen a girl on a one-way corridor
Stealing down a wrong way street
For all the world like an urban toreador
She had the wheels on - on her feet
Well the cars do the usual dances
Same old cruise and the kerbside crawl
But the rollergirl she s taking chances
They just love to see her take them all

No fears alone at night
She s sailing through the crowd
In her ears the phones are so tight
And the music s playing loud

Hallelujah
Here she comes queen rollerball
Enchante what can I say
I don t care at all
You know she used to have to wait around
She used to be the lonely one
But now that she can skate around the town
She s the only one only one
