How do you escape
The great pails of pouring rain
Go to a foreign island or a house in Spain oh
La la la la la la oh
Oh how I d kill to go
Erect the gutters and move us in
Life or buildings and medicines
We all make the same mistakes
Our pitfalls pull us together

Are you listening

As the days
Like the waves
Pile up behind you

La la la la la
They keep it all
Melt my plastic heart
And help me move on
Ohh

La la la la la
You keep it all
Melt my plastic heart
And help me move on
La la la la la
Keep it on
