

Irresponsible Tune  
Dirty Projectors

**F6/A**                 **D/F#**                                 **Em**  
With our songs, we are outlawed

**F6/A**                 **D/F#**                                 **F#m7**         **F#m**  
With our songs, we re alone

**Em**                 **Em/C#**                                 **Gdim**   **G#dim**   **A7**  
But without songs we re lost

**D**   **G**   **D**  
And life is pointless, harsh, and long.

In my heart, there is music  
In my mind is a song  
But in my eyes, a world  
Crooked, fucked up and wrong

**G**                 **D**  
Sing all day  
Record and play

**G**                                 **D**   **F#m7**         **F#m**  
Drums and bass, and a guitar

Will there be peace in the world,  
Or will vile winds always own the truth?

There s a bird singing at my window  
And it s singing an irresponsible tune  
An irresponsible tune
