

Two Doves

Dirty Projectors

This song is super pretty, but it is going to take me a very long time to be able to play the tab for this song that was already posted. That tab is spot on, but for those of you who are like me and are not quite at that level yet, here is the chord version!

Capo 6 or wherever your vocal range fits

C/G **G**
Geranium kisser
Em **Am** **F** **G**
Skin like silk and face like glass
Em **G**
Don t confront me with my failures
C/G **G**
Kiss me with your mouth open
Em **Am** **F** **G**
For your love, better than wine
Em **G**
For your cologne is really fragrant

Call on me, call on me, call on me

C/G **G**

Em **G**
But our bed is like a failure

All day up in the valley
Em **Am** **F** **G**
At the waning of the light
Em **G**
To the chamber that conceived me

When all the planets are aligning
