[Verse 1]
Am   G   C
The image in your eyes
                 F   E
Reflecting the pain that has taken you
Am   G   C   F
I hear it in your voice, so ridden with shame
                E
From what s hailing you

[Pre-Chorus]
F   G   Am
I won t give up so don t give in
        Am   G   F
You ve fallen down but you can rise again
                F
So don t give up

[Chorus]
                          Am   G   D
When the demon that s inside you is ready to begin
                            Am   G   D
And it feels like it s a battle that you will never win
                              Am   G   D
When you re aching for the fire and begging for your sin
                          F   E
When there s nothing left inside, there s still a reason to fight

[Verse 2]
Am   G   C
Lost in your world of lies
     F   E
I find it so hard to believe in you
Am   G   C

Can it be real this time?
                            F   E
Or just a part of this game that we re playing through

[Pre-Chorus]
F   G   Am
I won t give up so don t give in
        Am   G   F
You ve fallen down but you can rise again
            F
So don t give up

[Chorus]
                       Am   G   D
When the demon that s inside you is ready to begin
                            Am   G   D
And it feels like it s a battle that you will never win
                               Am   G   D
When you re aching for the fire and begging for your sin
                       F   E
When there s nothing left inside, there s still a reason to fight

[Bridge]
F   G   Am
Don t let it take your soul
F   G   Am
Look at me take control
F   G   Am
When knowing to fight this war
G   F   E
This is nothing worth dying for

[Pre-Chorus]
Am   G   D
Are you ready to begin?
            Am   G   D
This is a battle that we are gonna win

[Chorus]
                            Am   G   D
When you re aching for the fire and begging for your sin
                            F   E
When there s nothing left inside, there s still a reason

                       Am   G   D
When the demon that s inside you is ready to begin
                            Am   G   D
And it feels like it s a battle that you will never win

```
                              Am          G                      D
When you re aching for the fire and begging for your sin
                                    F                          E
When there s nothing left inside, there s still a reason to fight
F                E
I ll be your reason to fight
F                E
Give you a reason to fight
