Letra:

Rise
Throw away
The charade of your life
Let the flame of my heart
Burn away
Your complacence tonight
I command you to rise
Wash away
The decay of your life
Feel the light of your eyes
Find the way
Through the darkness tonight
Fearing no one

Do you really think I covet like you do

Come, take me away
Remove the fear from my eyes
Feel the flame of my heart
Burning away
All conversation tonight

Hearing no one

Am I precious to you now

Now rise

Turn away

From the shame of your life

Feel the light from my eyes

Offering

Consolation tonight

Fearing no one

Do you really think I covet like you do

Come, take me away

Remove the fear from my eyes

Feel the flame of my heart

Burning away

All conversation tonight

Hearing no one

Now, I cannot stop this

Pure emotion

Falling from my eyes

You are vindicating

Liberating

Saviors of my soul
