

**Cold Day In July**  
**Dixie Chicks**

[Intro]

**G Em D C G D**

[Verse 1]

**G D Em D**  
The moon is full my arms are empty  
**C G D**  
All night long I ve pleaded and cried  
**G D Em D**  
You always said the day that you would leave me  
**C G D G**  
Would be a cold day in July  
**G D Em D**  
Your bags are packed not a word is spoken  
**C G D**  
I guess we said everything with good bye  
**G D Em D**  
Time moves so slow and promises get broken  
**C G D G**  
On this cold day in July

[Chorus]

**F C G**  
Sun s coming up coming up down on Main Street  
**F C G**  
Children shout as they re running out to play  
**Em D**  
Head in my hands here I am  
**C G**  
Standing in my bare feet  
**Em D G**  
Watching you drive away  
**Em D G**  
Watching you drive away

[Verse 2]

**G D Em D**  
You said that we were gonna last forever  
**C G D**  
You said our love would never die

**G**                    **D**  
It looks like spring and  
     **Em**                    **D**  
It feels like sunny weather  
**C**                    **G**                    **D** **G**  
But it s a cold day in July

[Chorus]

**F**                    **C**                    **G**  
Sun s coming up coming up down on Main Street  
**F**                    **C**                    **G**  
Children shout as they re running out to play  
**Em**                    **D**  
Head in my hands here I am  
**C**                    **G**  
Standing in my bare feet  
**Em**                    **D**                    **G**  
Watching you drive away  
**Em**                    **D**                    **G**  
Watching you drive away

[Verse 3]

**G**                    **D**                    **Em**                    **D**  
The moon is full my arms are empty  
**C**                    **G**                    **D**  
All night long how I ve pleaded and cried  
**G**                    **D**                    **Em**                    **D**  
You always said the day that you would leave me  
**C**                    **G**                    **D** **G**  
Would be a cold day in July  
**Am**                    **G**                    **D** **G**  
Here comes that cold day in July

[Outro]

**G D Em D C G D**  
**G D Em D C G D G**  
**G D Em D C G D**  
**G D Em D C G D G**                    (Repeat, Fade Out)
