

Heartbreak Town
Dixie Chicks

Standard/ Capo 4th

D G D A 2x

D **G**
Hug your friends, kiss your mama goodbye
D **A**
Baby in your arms, and a tear in your eye
D **G**
Twelve hundred miles, and you never asked why from me
D **G**
Me and the baby and you side by side, we all
D **A**
Knew we was in for a long hard ride
D **G**
Nowhere to run and nowhere to hide, it seems
Am **G**
Honk the horn when we crossed the state line
Am **G**
Woke up the baby and she, started to cry
Am **G**
She must have known what we were gonna find
D **G**
This ain t nothin but a heartbreak town
Am **G**
Square people in world that s round, and they
Am **G** **D**
Watch you dancin without a sound, it ain t nothin
G
No, nothin
D **G**
Take your number and you stand in line and they
Am **G**
Watch to see how high you re gonna climb
Am **G** **D**
Pat on the back and better luck next time, it ain t nothin
G **D** **G**
No it ain t nothin but a heartbreak town

Stardust, well it s a funny thing, it can
Make you cuss, it can make you sing
When the need to touch, it gets hard to explain somedays
I ve seen em rise, and I ve seen em fall
Some get nothin , and Lord, some get it all
Some just run while others crawl away
Hold my hand, baby don t let go, I ve got some
Front money and I ve got a next show and i m

I m gonna need you down this yellow brick road

This ain t nothin but a heartbreak town
Square people in a world that s round
And they watch you dancin without a sound
It ain t nothin no it ain t nothin no
You take your number and you stand in line
And they watch to see how high you re gonna climb
Pat on the back n better luck next time
It ain t nothin no it ain t nothin
But a Heartbreak Town
Town
Heartbreak Town

Easy, 4 chords song. I didn t tab the end because it basically repeats itself.
Enjoy!
