

I Believe In Love
Dixie Chicks

I made a promise to myself **F**
G7 Locked it way deep down inside **C**
Told my heart we d wait it out **F**
G7 Swore we d never compromise **C**
Oh I d rather be alone **F**
G7 Like I am tonight **C**
Than settle for the kind of love **F**
G7 That fades before the morning light **C**
Silence staring me in the face **F**
G7 And I finally heard its voice **C**
It seemed to softly say **F**
G7 That in love you have a choice **C**
Today I got the answer **F**
G7 And there s a world of truth behind it **C**
Love is out there waiting somewhere **F**
G7 You just have to go and find it **C**
