[Intro]

**C#**        **G#**        **Bbm7**        **G#**        (2x)

[Verse]

**C#**                    **G#**                    **Bbm7**        **G#**  
I took my love and I took it down  
**C#**                    **G#**                    **Bbm7**        **G#**  
Climbed a mountain then I turned around  
          **C#**            **G#**                    **Bbm7**        **G#**  
And I saw my reflection in the snow covered hills  
          **C#**            **G#**                    **Bbm7**        **G#**  
Well the landslide brought me down

**C#**                    **G#**                    **Bbm7**        **G#**  
Oh mirror in the sky, what is love?  
          **C#**                    **G#**                    **Bbm7**        **G#**  
Can the child within my heart rise above  
          **C#**                    **G#**                    **Bbm7**        **G#**  
Can I sail through the changing ocean tides  
          **C#**                    **G#**                    **Bbm7**        **G#**  
Can I handle the seasons of my life

**C#**        **G#**        **Bbm7**        **G#**  
Uh ah.....  
          **C#**                    **G#**                    **Bbm7**                    **Eb7**  
Uh ah.....Uh ah.....Uhhhhh ahhhhh

[Chorus]

**G#**                    **Eb7**                    **Fm**                    **Fm**  
Well I ve been afraid of changin cause I  
**C#**                    **G#**                    **Bbm7**        **Eb7**  
Built my life around you  
          **G#**                    **Eb7**                    **Fm**                    **Fm**
